CÔTES DE BOURG  
BORDEAUX

On en est fier, selon  
une méthode traditionnelle,  
sans être fier en fait.  
Il n'aime évidemment  
pas les vitesses et sauts et  
les pressions fortes sur l'embou.  
Conservez dans une position  
verticale, à l'abri de la lumière, à 12-14°C.

the Chéty family for

13 generations. Now new  
and better has been  
added to our over  
the previous, supported  
by recent vintages.

The wine is produced at  
Château Mercier by the  
superfamily Chéty.

It grows some fine  
vintages which  
that are not such for  
Château Mercier. It is a slightly  
lighter and softer than the  
typical Côte de Bourg.

We focus on environment  
friendly farms to  
to get the correct  
temperature in  
the vineyard.

The method we  
follow is called  
Cultures Raisonnées or  
Integrated Farming.

Our main estate  
is 23 ha and we  
have many other  
lands which  
maintain 13 generations.

As 13th generation we are  
passion in our  
vineyard and  
the facilities, with  
our own technical  
tools, to ensure the respect  
of the environment.

Our facilities  
include the  
principles of the  
"Cultures Raisonnées"

we are developing  
our own agriculture.  
It is for our future  
generations that we  
are working.

Our vines are

the most modern  
and efficient  
method in the world.
